

CLASS 1 MICRO/MINI UAS – M Series

OUR MISSION

Our mission is to save lives by sending out UAVs ahead of people, empowering our users to make safer, smarter, and faster decisions with aerial intelligence in demanding tasks and areas.

UNMANNED SYSTEMS AND COMPONENTS

Our job is to serve government and military clients by actively working together in creating unmanned solutions that go beyond what is possible. Our passion for simple yet sophisticated unmanned technology drives us to deliver reliable and long-lasting UAS solutions that meet field requirements and MIL standards, reinforced with dedicated training and support programs.
